### New Business

**Sponsors:**

New sign has been made and will be posted with updated sponsors.

**Facilities:**

Falko has acquired a new heater for the club cabin which is safer in terms of fire hazard.

**Overall hill relations:**

As a club we strive to maintain hill relations and safety by communicating where course setting and training will be taking place. This will continue to be done via email communication with owner/operators and by posting signage to alert public. We will be posting a note to public to please not ski the courses set by the club.

### President's Report

Falko had a phone call with BC Alpine. Things are looking good right now and all events are still set to go ahead as planned. The current ViaSport protocols are in place until Jan 18<sup>th</sup>—it is possible that we will see some changes to Covid protocols/policies after this date.

## **Alpine Report**

The Troll Teck race is Jan 22-23. Michelle has been working on organization of volunteers, prizes and food and making some extra efforts to make it a special event given that it is our first event in two years. PG and Powder King are coming and have been signing up to volunteer. Sean S, Claude and Mike will be doing timing. We will be hosting a night Slalom under the lights (not open to public). Michelle is also working on organization of the high school race on Feb 8<sup>th</sup>-9<sup>th</sup>, the hill will be open just for us for this event. There should be around 100 athletes attending. There is an option to setup payment for Teck Race fees for our athletes through Sports Engine—Jen will look into this.

## **Nancy Greene Report**

Ski the North will be in PG on Feb 20-21<sup>st</sup>. First weekend of March may be an option for our Troll 1-day race but we need to see if Troll is planning any events that we need to work around (Tele Fest?). Sun Peaks could be a challenge for coaching. We will reach out to see how many of our athletes are interested in going this year and go from there.

## **Registrar Report**

No new report.

## **Coaches Report**

We've been able to do some movement of athletes over the first two weeks and arrange groups for the season. Glen and Tyler are now coaching the youngest group together. Athletes need to be reminded to remove bibs when they are done training. We anticipate that getting coaches to be able to be at the bigger races will be a problem going forward—there is a need to recruit new coaches into the group, especially parents with younger children in the club. We're looking to be vigilant at our events with COVID protocols to maintain safety and ability to continue skiing.

**Next Meeting:** Feb 16<sup>th</sup>, 2022 @ 6:00pm
