President's Report

Summit AGM—Great event with lots of energy. Lots of talk about the issues facing smaller as well as larger clubs—struggles with coaching, obtaining volunteers and keeping things affordable while getting coaches paid adequately. Records from the summit can be found on the BC Alpine website. There is a new insurer for BC Alpine, the insurance deductible is \$50 000, a cost that bc alpine bears if there's an incident. Lots of newly elected board members to BC Alpine. Spoke with John Newton about professional development for coaches—we can host a developmental course if we have 6 members.

BC Winter Games— Also talked to Johnny... about lots of BC winter games stuff. Kerensa and I have been getting things geared up. Falko has put his name in for the sport chair. Kerensa put name in for race chair. We're asked to run a GS and Slalom and a Dual. Parent education talk for building up the club.

Sandbagging (Dave, Sean)—We're about 3/4 of the way through with this project. Price of sandbags has gone up by \$1 so we will get return on it. We will need one more good day. We had lots of participation at the first sandbagging event.

Conflict Management & Effective Communication Workshop course—BC Alpine sent out a interest search for this course. Kerensa may do it if dates work.

Facilities Report

Timing—We held a successful work-bee on Saturday/Sunday. All trenching conduit was put in. All wire has been pulled to areas on the hill. Mike is helping out with organization of the work bee this coming weekend after which we will evaluate where we're at. Tyler D has volunteered to help get the window put in at the club cabin.
