President's Report:

February was a busy month with many events; North Zone NGSL festival, BC Winter Games, Purden Teck race, High School finals and more to come.

We will ask at the next north zone meeting what the policy is about speed suits in NGSL events so that we are all prepared next time.

We should consider a sign in sign out procedure to track assets leaving the club cabin for out of town events.

The AGM is coming soon and we should start looking for more board members to join our team. I am always in favour of being voted in and not presiding beyond my time.
